### **National Company Awards Grant to Local Land Conservancy**

*December 29, 2003*

The Little Forks Conservancy, Inc. is pleased to announce it received a contribution from Midland's 3M Scientific Anglers.

The contribution was one of six given to local nonprofits. Scientific Anglers' Community Affairs Committee selected LFC as a recipient based on a survey of employees and their interest/concerns. That survey indicated preservation of local natural resources was important to many of the team members.

The monies will enable LFC staff to work directly with local landowners to preserve their land, including forests, farmlands, wetlands, natural habitats and water quality.
