

BOW HUNTING APPLICATION 2023

GEORGE AND SUE LANE PRESERVE

"The mission of the Little Forks Conservancy is to permanently protect and improve natural environments in mid-Michigan by leading and inspiring actions that conserve vital habitats and waterways for the benefit of our entire community."

George and Sue Lane Preserve Bow Hunting Application 2023

Little Forks Conservancy -- George and Sue Lane Preserve (44.060647, -84.579951)

George and Sue Lane Preserve Hunting Plan

In accordance with wise land management practices, Little Forks Conservancy stewardship values and the wishes of George Lane for the George and Sue Lane Preserve (Lane Preserve), hunting will be allowed on the condition that it is completed in a way that upholds the conservation values of the property and is consistent with the property's management plan.

2023 Deer Season Protocol

Method of Hunting: Deer only, Bow hunting only: Oct 1-Jan 1.

Number of hunters: Of the Lane Preserve's 270 acres of land open to the public, we believe 188 are suitable for hunting. Of those lands 45 acres are grassland and 143 acres are forested. The Department of Natural Resources Hunting Access Program (HAP) rule of thumb is 1 hunter for every 10 acres of forested land and 1 for every 20 acres of open grass/cropland. Using all of the space available **twelve** hunters maximum will be allowed to hunt on the property at a time. As the schedule is currently set up this allows for 6 hunters and 6 apprentice hunters per session. **Each hunter is allowed one tree stand OR blind.**

Bow Hunting Schedule:

The 2023 Deer Hunting Season will be split into **month** increments resulting in three distinct hunting **sessions**. When hunters sign up, they will indicate preferred sessions; this should be submitted by **September 15th**. After that date, the Preserve and Volunteer Steward will randomly draw applicants and assign the available session based on their preferences as ranked on the application. Each monthly session can have up to 6 hunters and 6 apprentice hunters. **There are no zone designations in 2023.**

Session 1: Oct 1st -31st (BOW ONLY)

Session 2: Nov 1st- 30th (BOW ONLY)

Session 3: Dec 1 – Jan 1 (BOW ONLY)

We hold the right to forbid a hunter if they cannot follow the rules and laws in place or violate the objectives of the George Lane Deed Restriction.

Encouraging the Next Generation to Hunt

Each hunter who is granted a permit is allowed to bring 1-2 apprentice hunters (though the total number of hunters within a single monthly session is not to exceed 12) which is defined by the Michigan Department of Natural Resources as a person who does not yet have a hunter safety certificate and is between the ages of 10-16 years. This person can hold an apprentice license for two years before taking hunter safety and must be accompanied by an adult 21 years and older. The permitted hunter is responsible for the safety of the apprentice hunter and to ensure they follow the rules listed. If the apprentice hunter has violated these rules the *hunter's* permit will be revoked.

Payments

It is acknowledged that there are costs associated with maintaining a large property. While we will not require a payment to hunt on the property, hunters are encouraged to make a donation to the organization or volunteer their time assisting with maintenance of the property or monitoring hunters during the season.
